

### MedjetAssist Defined

A medical evacuation membership program – as a member if you are hospitalized more than 150 miles from home, MedjetAssist will arrange comprehensive medical transportation to the hospital of your choice, not just the nearest adequate facility. Peace of mind every time you travel.

### The MedjetAssist Membership

Domestic air medical evacuation averages \$25,000 and internationally, it can exceed \$100,000 but not with the medical evacuation protection of Medjet. Annual memberships are \$250 for an individual, \$385 for a family and Short-Term memberships start as low as \$95. Multi-year, Corporate and Group memberships are also available.

### The MedjetAssist Difference

- ◆ No “medical necessity” – Neither the attending physician nor the capability of the existing facility determines the merit of an evacuation
- ◆ Evacuation is to the member’s hospital of choice
- ◆ NO health questions for those under the age of 75. Diamond applications are available for individuals age 75 to 85. Applications must be approved prior to departure.
- ◆ For individuals age 85 and up, Platinum memberships are available. This program is available to AARP members only and protects the member while they travel internationally. A Platinum membership application is required and must be approved prior to departure.
- ◆ No adventure travel exclusions, No natural disaster exclusions, No terrorism exclusions
- ◆ No dollar limits on evacuations, No deductibles, No co-pays, No claim forms
- ◆ Domestic as well as international protection
